Angela Melnyk
Frontend Developer
Naples, Italy | Phone: +39 327 913 9260 | Email: melnyk001@icloud.com | GitHub: github.com/angy-mel

Professional Summary

Aspiring Frontend Developer with a solid foundation in HTML5, CSS3, JavaScript (ES6+), and React. Through self-directed study and the creation of interactive practical projects, I have developed strong problem-solving skills, attention to detail, and a passion for web development. Seeking a Full Remote opportunity to contribute to building functional web interfaces, collaborate with a team, and continue growing professionally.

Technical Skills

Programming Languages: JavaScript (ES6+).
Web & Markup Languages: HTML5, CSS3 / SCSS.
Frameworks & Libraries: React, Bootstrap, Tailwind CSS.
Tools & Version Control: Git, GitHub, VS Code.
Core Concepts: Responsive Web Design, REST APIs, React State Management.

Personal Projects

Pizzeria Management Web Application (React.js): Developed an interactive web application featuring React state management, a shopping cart, automatic calculations, a responsive user interface, and integration with a management panel.
Michael Jackson Themed / Fan Site (React.js): Built an interactive web application using React.js, focusing on component-based architecture, responsive layout (HTML5/CSS3), and dynamic content management.
Personal Portfolio (Vanilla JavaScript): Designed and developed a personal web portfolio to showcase completed projects, focusing on aesthetics, smooth navigation, and cross-device compatibility.

Education & Certifications

Web Development Certifications — freeCodeCamp:
Responsive Web Design Certification (HTML5, CSS3, Flexbox, CSS Grid)
JavaScript Algorithms and Data Structures Certification (ES6, Algorithms)
Front End Development Libraries Certification (In progress: React, Redux, Bootstrap)
Self-Taught & Practical Study: Focused on React.js and modern web interface development (with plans for future certifications in modern frameworks, including React and TypeScript).

Languages

Ukrainian: Native
Italian: Fluent (Professional spoken and written proficiency)
English: Technical level (Good comprehension of technical documentation and reading)

Soft Skills

Strong motivation, technical curiosity, and a self-learning mindset.
High attention to detail and code quality.
Teamwork-oriented attitude and effective communication in distributed environments.
